

About Us

Accotech is a specialist staffing division of The Workforce Group, offering a variety of staffing solutions.

Our recruitment process holds a strong foundation for ethical business practice and accountability. We provide our clients and candidates with a personalised and professional service, and display a thorough understanding of their needs.

Accotech solutions:

- Permanent placements
- Temporary placements
- Contract placements
- Headhunting

Our turnkey staffing approach is simple yet effective - we identify skills, qualify placements, secure suitable positions, and present both our clients and candidates with the best possible options.

Through building partnerships with both our clients and candidates we are able to place emphasis on quality of needs rather than quantity of availability.

Our Vision

We aim to be top of mind for candidates who are looking for their dream career - and front and centre for corporates looking for their ideal employee. Our objective is to build lasting relationships, create win-win partnerships, and offer a relevant service of the highest quality.

Our Mission

We strive to be recognised as a team of recruitment professionals operating on a sound foundation of relevant expertise and corporate morals. We aim for maximum return on investment for our stakeholders by creating turnkey staffing solutions resulting in satisfied clients and successful candidate placements.

Why Us

As a company with a passion for people solutions, we apply our values on a daily basis with emphasis placed on our attention to detail. We pride ourselves on the research we conduct through a needs analysis when receiving a job specification. This ensures we provide our clients with relevant candidates of the highest quality, while aspiring to place our candidates in positions where they will have a satisfying and sustainable future in their positions.

Knowing our client's business allows us to market potential related candidates which give you the first view before any of your competitors.

We understand that recruitment is a long-term investment. We therefore aim to accommodate your recruitment budget with negotiable terms in order to create sustainable partnerships.

We focus on finding the best available candidate in the market through various search tools and procurement systems whereby we submit only quality candidate profiles. With our consistent and personalised service offering we have a database of clients with whom we have developed a sustainable partnership through our methodology of zoning in on company culture and caliber, to decipher the absolute perfect fit.

Through our combined 40 years of knowledge and expertise we have acquired the experience to handle recruitment across the board. We successfully service a variety of clients and have longstanding partnerships with our clients across various industries, recruiting from office support to executive levels.

JSE Listed Company

As a Workforce Holdings Company we are provided with financial and supportive stability in the event of a client requiring temporary assignees as we can run payrolls upfront and invoice clients after payroll has been run. We offer a focused approach by means of a dedicated Account Manager, consistent service delivery and client relationship management.

APSO Membership

As a member of the Association of Personnel Services Organisations (APSO) we abide by the Code of Ethics according to the best practice standards ensuring that the same rules are applied throughout the recruitment sector, ensuring all clients and candidates are treated fairly.

B-BBEE

As a subsidiary of the Workforce Group, we hold a B-BBEE rating of 3. Through our procurement process and preferred vendors we meet all requirements regarding procurement to BEE organisations and relevant assignment.

Connect with our Talent

As a client of Accotech we make it easy for you to connect with our pool of talent by highlighting availability of skills in the market long before your rival companies know about it.
